DUBLIN, Ohio – Sarnova, a leader in health and safety products, services, and technology solutions, is proud to announce the company has earned the **2024 Great Place to Work Certification**™, by Great Place to Work®. This is the fourth year in a row that the company has received this certification, in recognition of the company culture and employee workplace experience.

Great Place to Work Certification™ is the only official recognition decided by employees' real-time reports of their company culture, and it is based on what current employees say about their experience working at a company.
