Sarnova Earns 2022 *Great Place to Work Certification*™ for Second Year in a Row

DUBLIN, Ohio – Sarnova, the leading national specialty distributor of healthcare products in the emergency preparedness and acute care markets, is proud to announce the company has earned the **2022 *Great Place to Work Certification*™**, by Great Place to Work®. This is the second year in a row that the company has received this certification.

Great Place to Work Certification™ is the only official recognition determined by employees' real-time reports of their company culture, and it is based on what current employees say about their experience working at a company. Report results are based upon anonymous survey results given by employees to an outside entity, Great Place to Work®.

This year, nearly 80% of employees at Sarnova said it is a great place to work, compared to 57% of employees at a typical U.S.-based company.

"I am so proud Sarnova has been awarded this recognition two years in a row," said Jeff Prestel, CEO of Sarnova. *"Seeing how satisfied our employees are with our company culture and values, and getting this feedback through an independent third-party, fully reaffirms we are providing the best opportunities for our people, while fulfilling our mission to be the best partner to those who save and improve patients' lives,"* he said.

"Great Place to Work Certification™ isn't something that comes easily – it takes ongoing dedication to the employee experience," said Sarah Lewis-Kulin, Vice President of Global Recognition at Great Place to Work. *"It's the only official recognition determined by employees' real-time reports of their company culture. Earning this designation means that Sarnova is one of the best companies to work for in the country."*

Great Place to Work® is the global authority on workplace culture, employee experience and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

About Sarnova

Sarnova is a leader in health and safety sales and distribution of healthcare products in the emergency medical services (EMS) and acute care markets. The company is comprised of five major business units: Bound Tree Medical, Cardio Partners, Digitech, Emergency Medical Products and Tri-anim Health Services.
