### **Sarnova Earns 2023 *Great Place to Work Certification*™ for Third Year in a Row**

**DUBLIN, Ohio** – Sarnova, the leading national specialty distributor of healthcare products in the emergency preparedness and acute care markets, is proud to announce the company has earned the **2023 *Great Place to Work Certification*™**, by Great Place to Work®. This is the third year in a row that the company has received this certification.

Great Place to Work Certification™ is the only official recognition decided by employees' real-time reports of their company culture, and it is based on what current employees say about their experience working at a company. Report results are based upon anonymous survey results given by employees to an outside entity, Great Place to Work®.

This year, nearly 84% of employees at Sarnova said it is a great place to work, compared to 57% of employees at a typical U.S.-based company.

*"This is affirmation that what we're doing is working to help us create a vibrant culture and workplace for all of our employees,"* said Brian LaDuke, CEO of Sarnova. *"We are continuing to progress and make an even better company for the future, by further investing in our people and our infrastructure,"* he said.

*"Great Place to Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience,"* says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place to Work. *"By successfully earning this recognition, it is evident that Sarnova stands out as one of the top companies to work for, providing a great workplace environment for its employees."*

Great Place to Work® is the global authority on workplace culture, employee experience and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.
